Mary Pickford can smile, and smile, and still eat spaghetti. In "Poor Little Peppina," shown yesterday at the Broadway, Mary is an Italian of fifteen years or thereabouts. She even sacrifices those glorious curls and becomes a boy for a while. It is needless to say that she is captivating -girl or boy, with curls or without. To "Poor Little Peppina" she brings every ounce of that art for which she is famous, and it must be added that "Poor Little Penpina" needs it. For Kate Jordan has merely rewritten "Cinderella" and

Beethoven-Wagner-Liszt Draw Crowd.

Beethoven-Wagner-Liszt is a hyphen-ation to conjure with in the field of symphonic concerts. The huge sudience at Carnegie Hall yesterday afternoon, perhaps the largest audience that has attended a Philharmonic concert this season, plainly attested to this fact. Strauss may be a sensition of the moment, but it is evident that the oid names stand the test of time.

The inclusion of Liszt in yesterday's triumvirate will probably please the lisztians, though to others it was a distinct anti-climax. Let us be thankful, however, that Mr. Stransky, more mereiful than Dr. Muck, gave us Liszt's best symphonic poem, "Les Preduces," rather than his worst. The other two Liszt numbers were two of his songs, "Es Muss Ein Wunderbares Sein" and "One for dinner between the matinets while Sousa Makes Music.
